

CUSTOMER NOTIFICATION

CEVA LOGISTICS NORTH AMERICA

Dear Valued Customer,

To ensure we continue delivering the exceptional service you expect during the upcoming peak season, CEVA will be implementing a Peak Season Surcharge of \$17.50 per shipment for all US domestic and North American trans-border shipments.

This surcharge will be in effect from **October 14, 2024, to January 17, 2025**.

The surcharge is necessary to maintain the flexibility and resources required to meet the increased demand during this critical period, ensuring timely and efficient deliveries across our network.

We greatly value your partnership and look forward to continuing our strong collaboration. If you have any questions, please feel free to reach out to your CEVA account representative.

Sincerely,

Randy Mondello
Ground & Rail Leader, North America
